REQUEST FOR RECONSIDERATION OF DECISION ON THE  
PETITION UNDER 37 CFR § 1.47(B)

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicant, Arkwright, Inc., hereby requests reconsideration of the Decision on the  
Petition Under 37 CFR § 1.47(b).

BACKGROUND

The Attorney-Advisor rejected the petition as being defective on several grounds. In particular, the Attorney-Advisor noted that the Applicant failed to provide adequate proof of the unavailability of the inventors ("Item (2)"), that the Applicant failed to provide the last known addresses of the inventors ("Item (3)"), that the Applicant failed to provide an acceptable oath or declaration executed by the Applicant on behalf of the non-signing inventors ("Item (4)"), and that the Applicant failed to provide adequate proof of the Applicant's proprietary interest in the subject matter of the present application ("Item (5)").

DISCUSSION

Applicant submits the following remarks and additional supporting documents in support of its request for reconsideration.

Regarding Item (2), a Declaration of Paul Ronchi is attached hereto providing detailed declaration of attempts he made to contact the inventors. Also attached is a declaration by the undersigned, which provides supplemental proof concerning the unavailability or refusal of the inventors to sign the application papers. Therefore, the Applicant believes that with the submission of the above-mentioned Affidavit and the Exhibits attached thereto, that this filing requirement of Rule 1.47(b) has been satisfied.

Regarding Item (3), the last known addresses for the inventors are as follows:

- (a) Ulf Bamberg. Kastanienweg 8, DE-79798, Jestetten, Germany.
- (c) Peter Kummer. Shaffhauserstrasse 19, CH-8213, Neunirch, Switzerland.
- (b) Ilona Stiburek. Kocklistrasse 6, CH-8004, Zurich, Switzerland.

The last known addresses of the inventors were originally identified in the declaration submitted in the original petition, but the same was not included in the petition per se nor stated as such. Therefore, Applicant believes that the above-correction satisfies this filing requirement of Rule 1.47(b).

Regarding Item (4), Applicant proffers the attached inventors declaration executed by Robert Conforti, the president of Arkwright, who has authority to execute the declaration on behalf of the inventors by virtue of its ownership of the claimed subject matter. Therefore, the Applicant believes that the newly executed declaration is in proper form to satisfy this filing requirement of Rule 1.47(b).

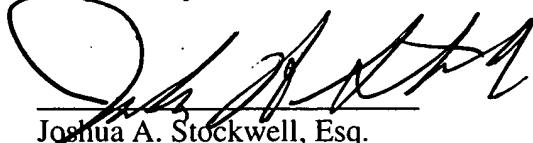

Regarding Item (5), an Affidavit by Herald Wuerges is attached that establishes that the inventors Stiburek, Kummer, and Bamberg invented the subject matter as claimed in the present application while under the employ of Océ (Schwiez) AG. Therefore, Applicant believes that this requirement of Rule 1.47(b) is satisfied.

#### CONCLUSION

Applicant avers that the above-arguments and the enclosed supporting documents satisfy the deficiencies the Attorney-Advisor found in the Petition Under 1.47(b), and therefore request favorable reconsideration on the merits.

The Office is hereby authorized to charge any additional required fee in connection with the filing of this paper or credit any overpayment to Deposit Account 02-0900.

Respectfully submitted,
